The business men of Yale met in
Central Hall Wednesday evening to
consider a proposition made by Wait-
lauber Bros., of Stratford, Ont., where-
by a company is to be formed for the
manufacture of patent pea harvesters
and bunchers. A committee was ap-
pointed to secure the necessary amount
of stock. Everything seems favorable.

Died, on Sunday, February 25th, 1899,
at his home in the township of Mussey,
Richard Shutt, aged 71 years. The
funeral was held on Tuesday. Mr.
Shutt was taken ill with the grip last
week which rapidly developed into
pneumonia, terminating in his death
as above. Mr. Shutt was born and
lived in England until 1848, when he
came to this country and to St. Clair
county. He has been a prominent
resident of Mussey township for 45
years. He was supervisor for 13 years
and was also ex-county treasurer, be-
sides holding other minor offices. He
was the father of seven children, Mrs.
T. H. Parkinson, of Yale, being his
daughter.

A lecturer from Mesopotamia, Asia,
will be at the M. P. church February
17th and give one of his popular orien-
tal entertainments: Thomas S. Suleeba,
M. D. has traveled all through Pale-
stine, Syria and Egypt and from the
many recommendations sent us we
are prepared to say that this will be a
most instructive and interesting lec-
ture. The doctor comes with elegant
stereoscopic views, and with different
costumes of the East. He is a fine lin-
guist, speaking seven different lan-
guages and has acquired English per-
fectly by ten years study in this
country. He has also a fine tenor voice
and will sing the songs of the orient in
their original style and language. Dr.
Suleeba will talk about the Sultan and
what kind of a man he is; about the
Armenians, the Kurds and the Eastern
questions. This lecture will be
something no one can afford to miss.
Remember at the M. P. church, Fri-
day evening Feb. 17th. There is no
admission but a collection will be
taken up.

Look for Beard's ad next week.

Grant Holden is dispensing drugs
with a more genial smile than usual
this week all on account of a fair
young daughter who arrived at his
residence Wednesday morning, Feb-
ruary 28th.

The W. E. church congregation will
hold their services at C. F. Michaels'
hall next Sunday morning and eve-
ning. Sunday school at 10 o'clock,
preaching at 11 o'clock by the Rev.
C. W. Caldwell, presiding elder of Port
Huron District, and sacrament after-
noon. Evening service at 7 o'clock
by the pastor.

The twenty young men who gave a
party in Michaels' Hall, Wednesday
evening, are being congratulated on
the able manner in which it was gotten
up and the harmony and ease with
which everything moved along. A
nice crowd was present, about 120, the
ladies in the prettiest of costumes, the
gentlemen in the happiest of humors.
The hall was prettily decorated and the
dance went merrily along to the music
of the Port Huron City Orchestra. The
supper was exceedingly fine, served by
J. B. Paisley, of the Rapley House.
The party was very successful and all
enjoyed a pleasant time.

Since the fire of Monday last, hardly
enough can be said in praise of our
system of waterworks. With the old
fire protection the church could not
have been saved, and our citizens are
congratulating themselves on this ex-
cellent system which insures its safety
from fire in most cases. Also pres-
ident Andree receives credit for his
thoughtfulness in having the hydrants
covered, as in the case of Sand Beach,
which lost a \$12,000 school building be-
cause the water mains were frozen.
A little carelessness in these things
mean many a big loss. We are cer-
tainly in good shape to combat a fire.

The Monroe Independent, edited and
published by our old friend Henry
Mackney, formerly of Yale, has been
denied admission through the mails
as second class matter, and Mr. Mac-
kney thinks there is a power behind
the throne which moved the postoffice
department in making this decision,
as there undoubtedly is. The Inde-
pendent is one of the best of local
papers, full to the brim with clean,
newspaper local items, personals, and news
of interest to the city and vicinity. A
paper Monroe should be proud of. We
trust the post office department will
soon see the matter in a better light as
it looks to us that no such decision
should be made by it.

Imley City was the scene of a terri-
ble wreck on the Grand trunk early
Monday morning. Two fast express
trains, one east bound, the other west
bound, met with terrific force just
west of the station. The engineer and
two mail clerks of west bound train
were killed outright. Four trainmen
on the east bound were seriously
wounded, and passengers on both
badly shaken up and bruised. Train crew
on No. 1 neglected to obey the order to
pass train No. 6 at Imley City and was
traveling at more than 50 miles an
hour. No. 6 was slowing up for the
station when No. 1 appeared and a col-
lision was inevitable. The engine crews
jumped, but the baggage car toppled
over and killed those aboard. The
engines were telescoped but did not
leave the track.

That Cough Hangs On

You have used all
sorts of cough reme-
dies but it does not
yield; it is too deep
seated. It may wear
itself out in time, but
it is more liable to
produce la grippe,
pneumonia or a seri-
ous throat affection.
You need something
that will give you
strength and build
up the body.

SCOTT'S EMULSION

will do this when everything
else fails. There is no doubt
about it. It nourishes,
strengthens, builds up and
makes the body strong and
healthy, not only to throw
off this hard cough, but to
fortify the system against
further attacks. If you are
run down or emaciated you
should certainly take this
nourishing food medicine.

Discovered by a Woman.

Another great Discovery has been
made, and that too, by a lady in this
country. "Disease fastened its clutch-
es upon her and for seven years she
withstood its severest tests, but her vi-
tal organs were undermined and death
seemed imminent. For three months
she coughed incessantly, and could not
sleep. She finally discovered a way
of recovery, by purchasing of us a bottle
of Dr. King's New Discovery for Con-
sumption, and was so much relieved on
taking first dose, that she slept all night
and with two bottles, she has been abso-
lutely cured. Her name is Mrs. Luther
Lutz." Thus writes W. C. Hamrick &
Co., of Shelby, N. C. Trial bottles free
at Grant Holden's Drug Store. Regular
size 50c and \$1. Every bottle guaranteed.
